

CENTURY ADVANTAGE

BRANDMARK

THE TASK

The task is to develop a distinct visual brand identity for Century Advantage, a service vertical designed for Century Real Estate customers. The objective is to create a cohesive and recognizable visual system that reflects the core values of trust, reliability, efficiency, and premium service, while aligning with the legacy and credibility of Century.

BRANDMARK

The mnemonic is a sculpted interpretation of the letter “A”, built on a disciplined geometric grid. A bold diagonal stroke forms the primary structure, expressing momentum and upward progress, while the secondary leg acts as a supporting element, reinforcing balance and stability.

A subtle inner curve softens the form, adding refinement and approachability. The interplay of strong architectural lines and controlled curves reflects Century Advantage’s promise of trust, support, and seamless progress throughout the real estate journey.

FONT-MARK & LOGO

CLEAR SPACE

The typeface is clean, modern, and refined, designed to complement the strength of the mnemonic while maintaining a premium and approachable feel. Its smooth curves and balanced proportions create an elegant rhythm, allowing the wordmark to feel contemporary yet timeless.

The lighter weight and open letterforms ensure clarity and sophistication, reinforcing Century Advantage as a trustworthy, forward-looking service built on legacy and precision.

COLOUR PALETTE

The colour palette blends depth, warmth, and calm to create a balanced and contemporary visual identity. Legacy brings a sense of strength and credibility, grounding the brand with a tone that reflects trust and long-standing experience.

Ember introduces warmth and energy, adding vibrancy and drawing attention to key moments of communication.

Heritage provides a soft, neutral balance that brings warmth and approachability, supporting the palette with subtle sophistication. Mist adds a light, refreshing quality, creating openness and visual breathing space within the brand system. Together, the colours form a harmonious palette that feels both modern and enduring.
